Meisterstück

The Classic.

With its pure lines and deep, bright colours, Meisterstück embodies the timeless elegance of Montblanc's leather goods assortment. The sheen of the leather is acquired through a special process uniquely created for Montblanc. In addition to the timeless black colour, selected styles are offered in rich navy and sophisticated burgundy.

This year, the already wide small leather goods offer is updated with brand-new compact and multifunctional accessories. Black and a gradient of greys, as well as navy and a gradient of blues, are introduced on bestselling styles to create modern block-colour combinations for the perfect unisex gift.

Meisterstück Selection

Meisterstück Selection is updated with a brand-new leather, featuring matt finishing and a soft touch, and a new design that dresses up the line with modern classicism and a touch of audacity.

The new line is a business-oriented collection, with relaxed elegance and unisex appeal.

The new alligator-printed leather comes in three colours — jet black, deep blue and warm brown — combined with tone-on-tone plain leather for the details, both on bags and small accessories. The front stitch on bags provides modern yet classic appeal.

The new collection offers a focused range of large, medium and small leather goods.

Meisterstück Sfumato

The art of craftsmanship.

Meisterstück Sfumato is the expression of leather craftsmanship. The line offers masterfully painted leather goods with modern, relaxed appeal. Its leather features an innovative look and performance, thanks to a workmanship process that enhances the natural grain of the skin and provides softness and resistance to wrinkles.

Each skin is hand painted with a sponge in a darker colour, adding a subtle cloudy effect ("tamponato") that makes each piece one of a kind.
